**A day of insight, practical training and fellowship for composers and lyricists alike.**

In addition to the main sessions, the day will split into two tracks. *Music*: led by renowned composer, arranger and conductor Noël Tredinnick; *Words*: led by one of the UK's leading contemporary hymn writers, Martin Leckebusch. Together with *Resound Worship's* Joel Payne & *Jubilate's* Roger Peach, they will draw on their experience both in church music ministry and the writing and publication of countless hymns and songs, as they deliver presentations and practical workshops. There will also be an opportunity for writers to receive feedback on their own work.

The day is intended to be accessible to the beginner whilst also providing the more experienced with tools and encouragement to improve their craft. Refreshments provided but delegates should bring their own lunch, or use one of the many outlets nearby. Registration & coffee from 10.00am, the programme begins at 10.30am. Bursaries are available; please contact us for more details.

**Jubilate**  
words & music for worship
